Dear Mr. Adtheimer,

Thanks for your thoughtfulness in sending me a copy of ~~Handwritten note~~
your letter to Jim Moore about his trash.

I'm glad to have it for the historical record.

It is hard to believe that anyone not already institutionalized could turn out
anything as irrational.

He appears to have had ulterior purpose with regard to the subject matter at
least since before he was out of high school.

And, finally, to have found a way of indulging himself.

To the best of my recollection you are the first person to mention it to me in
any way. So, I presume it has not sold well.

We left Hyattstown in 1967. Post Mortem and the second printing of Photographic
Whitewash were published from Frederick.

Thanks and best wishes,

Harold
